

AGON THERMAL MAPPING AND QUALIFICATION SERVICES

The road to Pharmaceutical
Excellence

ABOUT US

Established in 2010, Agon is the Arab world's premier Good Manufacturing Practice (GMP) consulting, validation, and continued professional development for the pharmaceutical, medical device, and veterinary industries.

Agon's unique, hands-on approach provides clients with the latest industry knowledge, and uses its global network of experts to deliver the wide array of services it has on offer. Agon specializes in PIC/S, WHO, United States FDA, European EMA, GCC and Saudi FDA GMP, providing the highest quality consultation and training to life science professionals.

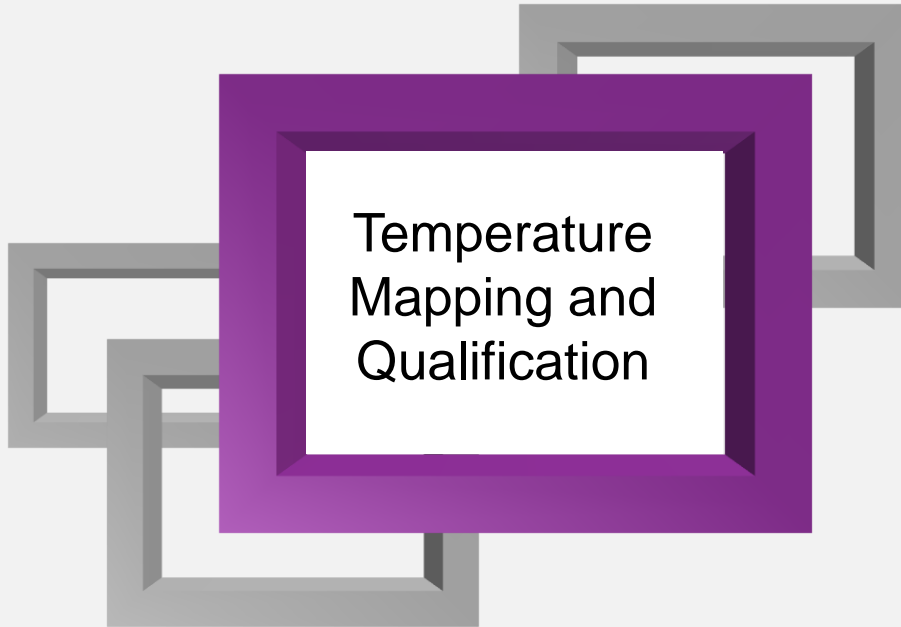

OUR MISSION

To create industry leaders capable of positively impacting business results at their organizations in a rapidly-changing global marketplace.

Becoming the partner of choice for the pharmaceutical, medical device, biotech industries in the middle east and north Africa for providing unparalleled services.

Client Commitment: client needs are placed center-stage at Agon, thus long-term partnerships are built based on trust, satisfaction, commitment, and shared success.
